

Not-Two is Peace : The Ordinary People` Way of Global Cooperative Order

Adi Da Samraj

Adi Das term prior unity points to the unity that exists prior to all the apparent differences and conflicts in the world. That unity, in other words, is senior to all apparent signs of disunity. Adi Da also calls this the unifying life-principle and the cosmically extended pattern of Oneness. In this gem we find Adi Da asking all of mankind to do something completely different, as a whole. He writes in this book: It is a matter of the greatest present-time urgency that the prevailing global mood of political separatism, end-game competitiveness, and endlessly multiplied divisiveness be immediately and thoroughly and universally and permanently relinquished ? such that the entire world-population of humankind becomes universally intelligent with the heart-positive mind of cooperation and tolerance.
