

Nova Refuge : Warrior Born

Justin R Stebbins

Soldiers are Made... Warriors are Born. Three hundred years ago, planet Earth was destroyed by the supernova of her own life-giving sun. What was left of humanity had fled to Terra Nova, in the new and foreign galaxy called Nova Refuge. On this new world, humanity was given a chance to learn from the mistakes of its past and start anew, to make a better future. Instead, we made war. At first the new human nations were able to work together to fight back the Natives of this new galaxy. Once the Xenocide War was over, however, rivalries began to grow stronger. CONON, the Council of Nations of Nova Refuge, was formed to resolve disputes by mediation, to keep peace among men. For in this age of devastating new weaponry, and in this galaxy full of hostile Natives eager to take advantage of any dissent, a stellar war between the major human factions is humanity's greatest fear... And one man's greatest dream. So begins his project to bring war back to its founding point: to train the ultimate human soldiers... the Warriors Born.
