

# November

J William English

Jumping back into an old life is hard, something Liam OCallaghan speedily finds out. Author J. William English's *November* takes readers to St. Dunstons, Scotland, a tiny coastal village where nothing ever happens at least, it didn't. A struggling writer and recent graduate of the University of Dublin, Liam tries to settle back into life at home but finds that something is missing. A reprobate of faith since his late teens, he rebels against the pressure from his friends to return to church. Heart-wrenching challenges face the young, would-be writer, as well as dangerous and difficult choices. When a ruthless murderer arrives in the village and makes Liam his target of persecution, Liam and his friends are driven to take matters into their own hands. Life is fast going downhill, and meanwhile, he may be losing the girl he's loved most of his life. A contemporary tale of conflicted love, bitterness, and raw emotion, *November* is a bleak, at times dark story, but it is shrouded with the light of hope. As readers learn, there is always a way out, even when things are at their worst. The question is: will Liam OCallaghan be wise enough to choose it?
